ANALYSIS OF CANADIAN RETAIL INVESTORS' TICKER SEARCHES Q1 2023 vs. Q4 2022

KEY TAKEAWAYS

- Top energy and precious metal stocks had higher search volume in Q1 2023 than in Q4 2022
- Even some stocks that already had a lot of interest last year, like Orford Mining (ORM.VN), got way more search volume in Q1 2023
- ETFs kept the same top 5 from Q4 to Q1 but rearranged their order, while cannabis and broad commodity ETFs debuted in the top 10
- Natural gas leveraged bull and bear plays were some of the top trending names in Q1
